FFRN C. STUKENBROEKER
3-72

At the conclusion of his training period, Mr. Clegg said he was slightly youthful in appearance but made up for this with self-assurance and aggressiveness, appeared above average in intelligence, at first in training school had too much of the pedagogical approach and mannerisms about him, and experienced some difficulty with the .30 rifle.

On 2-6-43 he was assigned to Baltimore. On 3-31-43 SAC Soucy rated him GOOD and said he presented an average personal appearance, although somewhat youthful, was very enthusiastic about the work of the Bureau and responded amiably to criticism and correction, testified satisfactorily before the U. S. Commissioner, could show improvement in the use of firearms, had the ability to organize his reports well and they required less than average supervision, demonstrated the ability to organize and initiate investigations in a creditable manner, handled a slightly above average volume of work, it was not felt he had the necessary qualifications for an SIS assignment, and his development was considered better than average.

On 6-21-43 he was transferred to the Washington Field Office. On 9-11-43 SAC Hottel rated him GOOD and said he presented a good physical appearance, possessed a friendly personality, was cooperative at all times and amenable to suggestions, testified well in moot court, had been assigned almost exclusively to a highly confidential technical surveillance and his services in this connection had been most satisfactory, and he could be used on dangerous assignments.

SAC Hottel rated him GOOD on 12-8-43 and said he presented a neat personal appearance at all times and was possessed of a friendly personality, had been assigned exclusively to a highly confidential technical surveillance and appeared to be somewhat interested in that type of work, performed his duties in a very efficient manner, his firearms record reflected better than average scores and for this reason it was believed he could be used on dangerous assignments.

On 1-1-44 he was reallocated to grade CAF-10, \$3500. During an inspection of the Washington Field Office in March and April, 1944, Inspector Doyle said he had been assigned to technical surveillances and apparently was qualified to handle the French language, he appeared to be of an average type lacking in any particular personality, and he was young but conscientious.

On 3-31-44 SAC Hottel rated him GOOD and said he presented a good appearance, had a serious personality, had a fair amount of initiative, was resourceful, aggressive and could be forceful, he had not rating as a dictator as he had been exclusively assigned to a highly technical surveillance where his knowledge of the Bureau's technical equipment had been used to advantage, he could be used on dangerous assignments, his firearms record was average, his reports were prepared in good form and he made contacts readily.

On 4-16-44 he was transferred to Cleveland. On 6-17-44 SAC Fletcher rated him GOOD and said he presented a good personal appearance, had a friendly manner and a pleasing personality, he should be able to make favorable contacts, he had shown force and aggressiveness and was generally improving, he was a very willing and conscientious worker, he organized and initiated his investigations well, accepted responsibility readily and completed his assignments without undue supervision, his reports had a minimum of error and showed an appreciation of the issues involved, he was rated a good dictator and it was felt he would make a good witness, his firearms record disclosed generally good average scores and it was felt he could be used on dangerous assignments.

Mr. McCabe interviewed him during In-Service in July and August, 1944, and said he presented an excellent appearance and seemed to be alert and intelligent, he seemed to enjoy his assignment and was working on selective service cases, he should continue to do a very good job for the Bureau, had a good educational background and possessed a Ph.D. degree and it was felt he had latent supervisory ability.

On 3-31-45 SAC Fletcher rated him VERY GOOD and said he presented a neat appearance, possessed an agreeable personality, was a bit reserved and very businesslike but was aggressive and forceful in his work, he was intelligent and had exhibited initiative and resourcefulness above the average, he was a sincere, conscientious, thorough and willing worker, was enthusiastic about his work and performed a volume far above average, his firearms scores were good and he was considered available for dangerous assignments, it was felt he could be used on physical surveillances, and would make a creditable Bureau witness, he had handled contacts with business men and law enforcement officers well and had developed a large number of informants among nationality groups with regard to National Defense work, he organized and initiated investigations very efficiently, willingly accepted responsibility and discharged his duties with almost no supervision, he had improved his dictation and was rated between very good and excellent, his reports were excellent, and he had an intensive background and interest in European Political Science and his work in that field had been excellent.

He was reallocated to Grade CAF-11, \$3800 per annum effective 5-1-45. On 7/1/45 he received a basic increase to \$4300 per annum in CAF-11.

RECORD IN GRADE CAF-11: He attended In-Service training from 7-23 to 8-4-45.

During an inspection of the Cleveland Office in October, 1945, the Inspector (Jos. A. Sizoo) said that he made a good first impression, his appearance was good, and he was enthusiastic and conscientious about the Bureau's work. He was intelligent and alert, and had a friendly personality. He had been assigned to the handling of cases involving the Communist infiltration of foreign language groups. It was believed he was an average agent in his grade.

On 3-31-46 SAC O'Connor rated him EXCELLENT and said that he presented a good personal appearance. He was extremely businesslike in his manner and approach, was a very hard worker and one of the most conscientious agents in the office. He was aggressive, resourceful and ambitious, and had been found extremely cooperative and dependable. He was a very good dictator, he was above average in his firearms scores, and he was capable of assignment to work involving danger in view of his calm, level-headed manner, ability to exercise good judgment and to think independently. He had handled himself very well on a physical surveillance, his reports were definitely above average, he was a thorough investigator who recognized the issue involved and concentrated on a logical conclusion thereof. His volume of production was above average, and his contacts were good. He organized his work efficiently and in a businesslike manner and initiated investigations promptly. He did not hesitate to accept responsibility and discharged same without supervision. He was assigned principally to Communist matters involving nationality groups for approximately ten months. He had an excellent background and interest in European political science and his work in that field had been excellent. He might be considered somewhat of an expert therein. It was the opinion of the SAC that he had latent supervisory ability which could be developed with experience.

He was afforded a basic increase to \$4902 per annum in Grade CAF-11 effective 7-1-46.

He attended In-Service training from 9-16-46 to 9-27-46.

He was afforded a Uniform Promotion to \$5152.80 per annum in Grade CAF-11 effective 11-3-46.

During an inspection of the Cleveland Office in November, 1946, Inspector McKee advised that his appearance and personality were good, he had a nice personality and appeared to be very intelligent. His confidence in himself was above average, and the Inspector regarded him as a rather well-rounded man. He had handled a wide variety of cases.

On 12-31-46 SAC Richardson rated him EXCELLENT and said he made a very good appearance. He was businesslike in his manner, had a genial disposition, was very cooperative in the discharge of all his duties, and he was aggressive and resourceful. He was one of the best read agents in the office, specializing in subjects involving history and political science. This made him especially fitted in his present assignment in handling nationality groups. He had an excellent command of the English language and his reports were well written. He handled firearms effectively and there would be no hesitancy in assigning him to a case involving danger in view of his ability in that connection and his good judgment. He was well grounded in the Bureau's manuals and procedures, pursued his investigations to a logical conclusion and his production was above average.

He was reallocated to Grade CAF-12, \$5905.20 per annum effective 2-3-47.

RECORD IN GRADE CAF-12: On 3-31-47 SAC Richardson rated him VERY GOOD and said that the comments contained in the 12-31 report were applicable at that time, and that in addition, he was considered a capable Bureau witness and had operated on several physical surveillances in a creditable manner. On 3-31-49 Mr. Jones rated him EXCELLENT and stated that he had a favorable physical appearance, was most congenial and got along well with his fellow employees. He had an excellent command of the English language, was able to work under pressure and could be depended upon to turn out a much better than average product in a short period of time. He had been engaged in general research and related duties, and his background in Communist matters was particularly valuable in his research work. In addition he had handled a number of press releases and had been used on special tours of the Bureau. He had also handled a number of speaking engagements and the response had been most satisfactory; he also supervised the preparation of extensive material for a television program over one of the local television stations. It might be noted that after his transfer from the Cleveland Office, that office received a letter of commendation from the Bureau in connection with a report on Communist matters prepared by him prior to the transfer. It was felt that he definitely had the interest of the Bureau at heart, and it was felt that he should definitely be kept in mind for further advancement.

During an inspection of the Records and Communication Division in July of 1949, Inspector Gurnea stated he dressed neatly, conservatively and businesslike, presented a good appearance and had a good personality. During the interview he exhibited interest and enthusiasm and apparently enjoyed writing. The reports on him indicated he was doing a very satisfactory job in the Crime Records Section, and it was believed he was a satisfactory supervisor.

It is noted that in November, 1949, in connection with a speech which he prepared, the Director noted "this man should be kept in mind, he has an excellent background, did a fine job on the speech and if properly guided and given the opportunity should be most valuable on preparation of material for public use".

As the result of a basic salary increase effective 10-30-49, his salary was increased to \$6600 per annum in Grade GS-12.

On 2-5-50 he received a Uniform Promotion to \$6800 per annum in Grade GS-12.

On 3-31-50 Mr. Jones rated him EXCELLENT and said though somewhat short he presented an excellent physical appearance, he had an outstanding personality and got along exceedingly well with others with whom he worked. This was the first full year he had served in Crime Records and during that time he had shown remarkable development, he was outstanding as a research man and was able to turn out a far above average volume of work of uniformly excellent quality. In view of his fine educational background, he was outstanding in original composition, he had a great deal of imagination and was perhaps the best Special Agent in that regard who had been assigned to Crime Records in a number of years. In

addition to numerous research assignments, he had been used for special tours and a number of speaking engagements in Washington and vicinity. The response had been uniformly outstanding. On the basis of Agent Stukenbroeker's work in the Crime Records Section, it was felt that he was entitled to a rating of Excellent.

In a memorandum to Mr. Nichols dated 4-12-50, Mr. Jones advised he wanted to call to Mr. Nichols' attention the most outstanding job which was being done by Agent Stukenbroeker. He was perhaps the most outstanding Special Agent from the standpoint of original composition who had been assigned to Crime Records in Mr. Jones' experience there. He was an exceedingly diligent worker and on numerous occasions had put in long hours of extra work away from the office working on projects with specific deadlines. In 1948, 1949 and 1950 his efficiency reports were rated as Excellent. He had been in the Bureau since 11-16-42, and had been in Grade GS-12 since 2-3-47, and he had a well rounded Bureau experience. He was well-versed in Bureau policy and investigative matters, was capable of handling the most complicated type of case, and was in excellent health. He was able to function satisfactorily on dangerous assignments requiring extreme physical exertion. Agent Stukenbroeker really had the Bureau at heart and was available at any time for assignments of any nature. He was an approved Relief Supervisor in the absence of the SAC or the ASAC at the Cleveland Office, and he had been acting in a supervisory capacity on the Communist Desk when the Supervisor was absent. Typical of the exceptionally fine work done by Agent Stukenbroeker was the article entitled "The Civil Investigations of the FBI" which appeared in the Spring, 1950, issue of the Syracuse Law Review, and was really a comprehensive treatment of a phase of the Bureau's work which was not too well-known to the public. This article was really a scholarly masterpiece and reflected great credit upon the FBI. In view of the really outstanding character of Agent Stukenbroeker's performance, it was recommended that consideration be given to his promotion from Grade GS-12 to Grade GS-13. Mr. Nichols agreed. The Director noted "I think if necessary an exception should be made. Stukenbroeker is doing an outstanding job."

In a memorandum to Mr. Tolson dated 5-3-50, Mr. Nichols advised he concurred with Mr. Jones' recommendation that Agent Stukenbroeker be reallocated, but now he withdraws his recommendation and recommends no action and that the matter be further considered on July 1, 1950. Mr. Nichols thought he should be commended for his work in the Spring, 1950, issue of the Syracuse Law Review. The basis for Mr. Nichols' action in withdrawing and recommending unfavorably was predicated upon the fact that Mr. Stukenbroeker utilized verbatim two paragraphs in the text of the Director's remarks before the Grand Lodge of New York which were in a speech the Attorney General had made on April 19, 1950. Mr. Stukenbroeker called the matter to Mr. Nichols' attention on Monday afternoon in sufficient time to correct it, but the fact remained that the two identical paragraphs should not have been put in the Director's address unless attention was called to the fact at the time. Despite Mr. Nichols' unfavorable recommendation he desired to point out that Stukenbroeker was exceedingly cautious, he was very capable and on the whole had done an outstanding job as the Director had indicated. He advised Mr. Stukenbroeker of the recommendation and the reasons for it.

On 6-11-50 he received a reallocation to Grade GS-13, \$7600 per annum.

On 7/18/50 the Director saw him and said that he commended him for his excellent and outstanding work in the preparation of material and data for use in speeches and articles. He made an excellent personal appearance, seemed to be intensely interested in his work, and the Director said he would rate him as excellent. The Director thought that he should be kept in mind for future advancement to a position of responsibility.

On 12/11/50 Mr. Jones rated him EXCELLENT and said that during this period he had continued to turn in an outstanding performance. He had a great deal of imagination and was able to express himself in an outstanding manner. His finished product required very little attention. He was always congenial, got along well with others and really had the Bureau's best interest at heart.

On 3/31/51 Mr. Jones rated him SATISFACTORY and said he got along well with other employees. He was enjoying the best of health. During the past year he had handled a limited number of special tours, several speaking engagements in the vicinity of Washington; the response of each had been highly satisfactory. He was well-versed in Communist matters and was invaluable in this regard in this Section. He had a great deal of originality and presented for the Bureau's attention a great number of good ideas on further presenting the Bureau's work. It was felt that he was well qualified from an investigative standpoint, particularly with regard to subversive activities. He had been used almost exclusively on research work requiring a great deal of originality and digging. His material was far above average in quality and was always thought out. In addition, he was used from time to time on tours and speaking engagements which he had handled in a highly satisfactory manner. He was a decided asset to the Crime Records Section and was a most valuable man to the Bureau. It was felt that he should be kept in mind for future advancement on the basis of his work during the year he was entitled to a rating of Satisfactory.

By memorandum dated 3-3-52 Mr. Nichols advised that with reference to the Director's memorandum of 5-20-52 regarding the potentialities of supervisors assigned at the Seat of Government handling research and related matters. Mr. Nichols thought that he could serve the Bureau's best interests in such an assignment. He was a scholarly type of person and Mr. Nichols did not feel that he was of the type to serve as either SAC or ASAC. He was quiet, unassuming, and while he had a very pleasant personality and likable disposition he was not the type to be out in the front.

On 7-20-52 he received a reallocation to Grade GS-14, \$9600 per annum.

His daily average overtime for August was 2 hours 8 minutes.

On 11-16-52 he was awarded the Ten-Year Service Award Key. Agent Stukenbroeker expressed appreciation for this key and added that he felt highly honored to have the privilege of serving in the FBI. The Director acknowledged this letter on 12-1-52.

finished product was far above average in quality and reflected mental capabilities far above the ordinary. He had a decided aptitude for research.

In April, 1953, Mr. Nichols submitted his name in connection with the Bureau's Personnel Advancement Program and added he was primarily a research man who had a very distinct flair for original writing. His background was particularly good for this type of work. He was intelligent, enthusiastic and had shown great promise as a specialist in this function in the Crime Records Section. His physical appearance was average and Mr. Nichols believed in view of the highly specialized qualifications he had for this type of work the Bureau was benefitted most by his assignment here at the Seat of Government.

In connection with the Bureau's Personnel Advancement Program, Mr. Jones advised on 3-31-54 that while he was doing an outstanding job and should be kept in mind for any possible advancement, it was felt that his services were much more valuable at the Seat of Government than they would be elsewhere. - (a) My father is a high school teacher and often moved from position to position. Therefore, when I was young, I attended a number of elementary schools in Missouri and Kansas. I was graduated from the eighth grade at Virgil, Kansas, in 1930.
- (c) I received a Bachelor of Science degree in journalism at Washington University in 1938. The following year I obtained a Master of Arts degree in Modern European History, and since then have been regularly enrolled as a graduate student in the history department. I expect to get my Ph.D. degree this coming June.
- (e) Most of my graduate research work has been done in the field of English history. My Master's thesis was entitled "The Attitude of Great Britain towards Turkey, 1908-1914" and involved a study of British diplomatic documents and other official and non-official material relating to British opinion towards the Ottoman Empire prior to the first World War.

My doctoral thesis is entitled "British Public Opinion upon Austria-Hungary, 1900-1914". It is an analysis of the reaction of British public opinion, as ascertained by a study of British newspapers, periodicals, journals, books, and special monographs, towards the racial and governmental setup in pre-1914 Austria-Hungary.

29

The past eight years I have been a full-time student in college. Four of these years were spent in undergraduate work, and four in the graduate school. For the past two years I have been engaged, almost exclusively, in research work upon my doctoral thesis. This has given me investigative experience in various types of documentary and non-documentary material. For three years I was a graduate reading assistant in the Department of History at Washington University. I also have done substitute teaching in the Senior High School, St. Charles, Mo.

I have also had experience in newspaper work. I worked on the college newspaper during my undergraduate years, and as a senior became a managing editor. I was employed in the Washington University News Bureau for four years. During the summers I had experience working on local publicity campaigns, and was employed for two summers by the Kiwanis Club, St. Charles, Mo., for writing publicity concerning a pageant which they staged.

37

I am now finishing up my doctoral thesis, and expect to receive my degree at the regular commencement exercises of Washington University. I would be ready to accept employment any time after June 6, 1942.

As an illustration of excellent work in reaching young people, particularly college students, with the Bureau's message, I would like to cite the March, 1971, issue of "Howling Gale," the cadet publication at the U. S. Coast Guard Academy and particularly the comprehensive interview presented therein with SA Fern C. Stukenbroeker of this Section. It will be recalled that last February 19th, Jay E. Taylor and Paul Ljunggren, cadets at the Coast Guard Academy, visited the Bureau and requested an interview with Stukenbroeker. This begins on page 12 and runs for 5 full pages. Stukenbroeker obviously made a most favorable impression on the cadets in the interview and the interview should help immeasurably in acquainting the student body at the Academy as well as others with the true nature of the FBI's work. It is felt that this timely interview justifies some recognition for Stukenbroeker.

RECOMMENDATION:

NOTE: Bufiles disclose Giberga has not been investigated by the FBI; however, he did furnish information to the Bureau as a Cuban exile. By letter 4-22-71 he was advised that in response to his request he might contact Mr. Bishop's Office for assistance. This he did and Special Agent Fern C. Stukenbroeker, who is assigned to the Crime Records Division, aided him in preparation of the Resolution. Identification Division records contain no pertinent information concerning him. In contacts with Mr. Bishop's Office, Giberga requested an autographed photograph of the Director. By memorandum same date, a copy of correspondent's letter and enclosure are being sent to the Attorney General.

The May, 1971, issue of "Finance Magazine" (copy attached) contains a hard-hitting article by the Director entitled "The Extremist-Terrorist Demand: A Death Sentence For Industry?" As you know, "Finance Magazine" is one of the leading business publications in the entire country and the Director's fine article obviously will reach a very influential group of leaders. The article serves as a warning to businessmen with regard to attacks of the New Left on business and gives a number of specific suggestions as to what leaders in the financial field can do to counter this threat.

The research work on this most effective article was handled by SA Fern C. Stukenbroeker of this Section and it is felt that his efforts are worthy of recognition.

RECOMMENDATION:

That this matter be referred to the Administrative Division so that an appropriate note can be sent to SA Stukenbroeker.

Within recent weeks four outstanding articles under the Director's by-line have appeared in magazines throughout the country. These articles are as follows:

(1) "The Revolutionary-Guerrilla Attacks Law Enforcement and Democratic Society: An Analysis of the Destructive Power of the Fanatical Few"--"Albany Law Review," Albany Law School, Union University, June, 1971. Discusses the attacks on law enforcement of the extremist revolutionary-guerrilla, such as the Weatherman and Black Panther, and how this type of mentality is a danger to a free society.

(2) "Mao's Red Shadows in America" in June, 1971, issue of the "V. F. W. Magazine." Discusses the security dangers of Red China to the United States, especially the role of Peking-instigated espionage and the pro-Maoist groups such as the Progressive Labor Party, Workers-Student Alliance and the Revolutionary Union.

(3) "Radical Groups a Vicious Threat to Nation's Police Forces" in January-February, 1971, issue of the "Tennessee Law Enforcement Journal." Discusses the tactics being employed by extremist groups in endeavoring to disrupt legitimate law enforcement agencies, showing how police today are on the front lines protecting the Nation.

(4) "The Structure of Integrity" in the July, 1971, issue of "Decision," published by Billy Graham Evangelistic Association. This is a question and answer type of interview concerning the role of religion and the church in the Director's life and the religious qualities needed in law enforcement.

The magazines containing these articles are attached.

CRIME RECORDS DIVISION

#47-72

BACKGROUND:

SA Stukenbroeker suggests that an article be prepared for publication concerning the use of disguises utilized by fugitives with particular emphasis on the use of wigs.

OBSERVATION:

This suggestion has merit since it would emphasize the fugitive program and serve to exploit the Bureau's investigative efforts in overcoming subterfuge adopted by subjects seeking to evade apprehension.

The Streamlining Committee, Crime Records Division, feels that this is an excellent suggestion and that it should be adopted.

RECOMMENDATION:

That SA Stukenbroeker's suggestion be forwarded to the Training Division for consideration and acknowledgment.

SUGGESTION

More and more women (and some men too) are today wearing wigs-- of all shapes, sizes and colors. In fact, the well dressed woman is almost expected to have a collection of wigs. Some of the wigs can easily be identified as wigs; others are so expertly worn that an astute hairdresser is almost needed to reveal that fact.

An interesting, human-interest type of article can be prepared on how fugitives are utilizing wigs to conceal their identities. The wearing of wigs could be related to other types of physical disguises used by criminals.

Current practice or rule (Include manual citation as well as facts)

Advantages of suggestion and annual savings (include basis for estimate)

Such an article over the Director's signature could be placed in a national magazine. This would (1) alert the public to some of the disguises being used by fugitives (2) give the Bureau considerable favorable publicity.

Disadvantages of suggestion

None

(The use by the United States of my suggestion shall not form the basis of a further claim of any nature by me, my heirs, or assigns upon the United States. I understand that I will be considered for any justified award only if my suggestion is adopted within two years after submission.)

Dear Mr. Hoover:

Today I had the opportunity of hearing Fern C. Stukenbroker speak before the American Society for Industrial Security here in Chicago. I wanted you to know of his outstanding presentation. There must have been at least a thousand people present at the luncheon at the Conrad Hilton Hotel. The ovation which he received at the conclusion of his remarks not only is indicative of his fine presentation, but also of the extremely high respect which the members of the Society hold for you personally and the work of the Bureau.

It certainly is obvious that regardless of the efforts of some warped individuals to downgrade the Bureau, you and the Bureau are still the leaders in the field of law enforcement.

With best wishes for continued success and good health.

Dear Mr. Hoover:

At the annual seminar of the American Society for Industrial Security we had the great pleasure of hearing Dr. Fern C. Stukenbroeker at our luncheon on Wednesday. Dr. Stukenbroeker did an outstanding job and is obviously one of the most accomplished speakers the Bureau has ever had. Many of us in the audience were former Special Agents of the FBI and we were proud of Dr. Stukenbroeker.

I want to express my sincere thanks to you for making Dr. Stukenbroeker available for this occasion.

Best wishes and kind regards.

Sincerely,

Dear Director:

I am remiss in not having previously written a note to you expressing our deep appreciation for the services of Dr. Fern Stukenbroeker in our teachers training sessions this summer. Dr. Stukenbroeker always presents a most lucid, perceptive and well-oriented talk to these teachers groups and invariably rates among the top 25% of the speakers in each session as indicated by student evaluations.

This year we involved 218 teachers in these training sessions and, with but few exceptions, they were enthusiastic and went back to their jobs more committed to maintain the American heritage. The fact that you permit one of your top level people to be involved in this session is evidence to these teachers of your concern and cooperation in these seminars designed to bring about a better understanding of our fundamental freedoms, the Communist attack upon them and erosion through anarchy and apathy.

We are already planning for next summer and setting a schedule of four sessions with the hope that we may reach some 350 to 400 teachers for we are convinced that there are still many fine American teachers who believe in this country who want the help, assistance and reassurance which our seminars give them.

On behalf of our President, General Harold K. Johnson, and all our educational staff may I express deep appreciation to you and through you to Dr. Stukenbroeker.

Sincerely yours,

Tom Sawyer

Dear Director:

In the expansion of the concept of the graduate level seminars for teachers at Valley Forge we are projecting these sessions into the nation wherever Freedoms Foundation has strong Womens Chapters to help fund and promote such sessions.

A session is definitely committed for Orange County, California in cooperation with Chapman College at Orange, California this November and December. We have committed for this session such speakers as Father Gervase Cain of St. Francis College, Dr. Walter Judd, Dr. Robert Scalapino of the University of California, Allan Brownfeld, editor of Capitol Roll Call, and expect to commit two or three others of this same caliber. In this instance we hope that we may be able to again have the services of Dr. Fern Stukenbroeker. Preliminary enthusiasm indicates that we should anticipate an enrollment of some 120 to 180 teachers at sessions held there.

We should like very much to commit him for Thursday evening, December 2, to speak on the subject, Anarchy, Apathy and the New Left, which he does so well in sessions here. If he is available for this assignment, we would pay all transportation expenses since you do not feel that these expenses should come from the Bureau's travel budget. It's enough to ask that you allow him to take the time to go out there.

We would appreciate your early indication of whether it might be possible to commit Dr. Stukenbroeker for this teachers seminar. We do recognize that this may not be a definite commitment because urgencies may arise at any time to prevent his participation on any specific date.

With great appreciation and kind regards, I am

Sincerely,

Dear Mr. Director:

Let me add my voice to that of Norman H. McCabe, our Chairman of the Board, in thanking you for your courtesy and cooperation in letting Dr. Stukenbroeker address our 17th Annual Seminar in Chicago last month as a keynote speaker. We are indeed much obliged to you!

Let me emphasize that Dr. Stukenbroeker's address was excellent, as usual; that it was exceedingly well received by our members and guests; and that he most ably represented both the Bureau and yourself.

Let me at same time also thank you for your similar cooperation in letting Special Agent James B. Hyland participate in our panel on Computer Security at the same seminar. Although I was not able to attend that particular panel, I have heard reports that it was indeed first-rate and that Mr. Hyland contributed very substantially toward that end.

Again, Mr. Director, many thanks!

Most respectfully,

Dear Mr. Henderson:

Dr. Stukenbroeker has shown me your letter of October 20th to him and I share his gratitude for your kind comments concerning his presentation at the luncheon of the American Society for Industrial Security.

With respect to your invitation for him to be the principal speaker at the Annual Dinner of the Greater Lafayette Chamber of Commerce on May 6, 1972, the pressure of his official schedule and prior commitments will preclude his being with you on that occasion. I appreciate your interest in the FBI and thank you for your thoughtfulness in writing. May you have a most successful evening.

Dear Mr. Stukenbroeker:

This is to congratulate you on your very well-presented and impressive address at the American Society For Industrial Security luncheon on Wednesday, September 15, 1971 in the Conrad Hilton Ball Room in Chicago.

On Wednesday evening, May 8, 1972, the Greater Lafayette Chamber of Commerce will be holding its Annual Dinner with our company, Schwab Safe Co., Inc., being given special recognition on the occasion of our 100th year of continuous operation.

The Chamber's Annual Dinner Committee, of which I am a member, would like very much to engage you to be our principal speaker on that occasion, to be held in the Purdue University Memorial Union Ball Room at 6:15 p.m. that evening.

There are a number of reasons we have selected you as our first choice to head this important occasion to this community. Your presence, representing the highly respected Federal Bureau of Investigation, would tie in nicely with the recognition of our company, which manufactures a full line of UL rated burglarly chests, fire insulated safes, insulated files, vault doors, fire and humidity protective safes for the storage of computer media, and, most important, security safes and security vault doors for the government. We are one of three suppliers of security safes for the Post Office Department. We are on the Federal Supply Schedule for map and plan files and security vault doors. We recently completed a contract with your Department supplying security safes for the storage of cryptographic materials.

We feel there is an incentive for you to be with us on that occasion to further enhance the good image of the FBI and further promote its crime-fighting cause. Greater Lafayette consists of the city of Lafayette, the city of West Lafayette, and Purdue University, which is located in West Lafayette. The population is in excess of 100,000.

The Greater Lafayette area has two fine Police Departments and a State Police Post located in West Lafayette. Our Chamber of Commerce has an active, and effective, Law Enforcement Committee, of which I am a member. It's principal project for the year is "Citizen Recognition of Law Enforcement Officers."

The attendance at the dinner will be in excess of 550. The entertainment will be provided by the fine Purdue University Glee Club.

Our committee is very hopeful that your calendar is clear for that night and that you will be able to accept our invitation. If so, we will appreciate hearing from you soon and being advised of your fee and any other pertinent information we should know. If there is any other information you would like from us, please let us know.

Sincerely,

Dear Mr. Stukenbroker:

I wish to thank you for the cordial reception which you extended to my students and me during our recent visit to Washington and, more importantly, for the openness and thoroughness which you displayed in answering the questions which were put to you. I personally found your comments helpful because you so clearly stated precisely what the FBI's interests are in the area of ideology and where its powers and interests end.

I was pleased to discover how concerned the FBI was to provide information that was thorough and that came from reliable sources. I had not anticipated that it would be possible for us to speak with someone as informed and as open on topics related to our course on ideology as you obviously are.

I believe that our trip to Washington was a resounding success. We found most of our interviews to be enlightening, we gained a great deal from our visits to sessions of Congress and of the Supreme Court, and our readings gave all of these experiences an added perspective and substance.

Again, I thank you for the part that you played in making this trip such a success. I extend to you the greetings of the season and my best personal regards.

My dear Mr. Hoover:

I would like to thank you and your assistants for the service rendered to us during our Washington Leadership Briefing on January 20. We have enjoyed the annual visits to the FBI for some years, the courtesy of the tour leaders and the work of Dr. Stukenbroeker and David Bowers, as our briefing officers. This year, Mr. Jack Herington took Mr. Bowers place and did a fine job for our group. We would like to have our thanks relayed to Dr. Stukenbroeker and Mr. Herington.

We do appreciate the services that you make available to the general public and to these seminar groups particularly. From their evaluation sheets and our own experience, the more personal contact that our church leaders have with the various government agencies, the more directly involved they feel in the direction of our country's future.

Thank you for your very significant part in this.

Cordially yours,

Dear Mr. Gray:

Freedoms Foundation will be hosting thirty eight student/teacher teams from the Principal Awarded schools in Washington, D.C. in September. These schools represent the top awards designated by the distinguished 1971 National Awards Jury.

I write to ask if we may have the privilege of having Fern Stukenbroeker as our guest speaker for the group at dinner, Wednesday, September 20.

A sample brochure indicates the format of the Pilgrimage as it was conducted last year. We are hoping we may bring the group to the FBI headquarters on Thursday but I will have to write about that at a later date because we are waiting to learn if we may tour the White House this year. *This will affect our schedule.*

Thank you for your kind attention. We hope we may have the pleasure of Dr. Stukenbroeker's presence as our featured speaker.

Cordially,

William Grover

CHEST: PA and left lateral chest radiographs are available for interpretation. These are compared with previous chest radiographs dated 9/20/71. There has been no significant change in the radiographs dated 9/20/72 in comparison with the previous radiographs. The heart size and contour are normal. The pulmonary parenchyma shows a few, 2 in number, calcific densities of old healed granulomatous disease, one located at the cardiophrenic area and the other in the mid left lung field. Mediastinum is normal. Right hemidiaphragm shows segmentation with a bubbling appearance. There is increased density over the apex of the heart which is noted on the lateral projection, this more than likely represents old pleural scarring. The dorsal vertebral bodies show a moderate amount of anterior spur formation with anterior bridging. There is also evidence of intervertebral disc calcification. No evidence of soft tissue abnormalities noted.

Dear Dr. Stukenbroeker:

Well -- my face is red! General Johnson wrote to you before I did to thank you for your help!

Would that we had more Dr. Stukenbroekers! You did a grand job of combining humor, serious facts and the George Washington theme for the Valley Forge Pilgrimage dinner on Wednesday night. That audience was not an easy one with such a wide range in ages. You handled it like the pro that you are.

Many thanks to for your help in getting the group through the FBI. It was a highlight of the Pilgrimage.

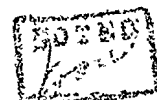

Best wishes.

Cordially,

William Grover

Dear Mr. Stukenbroeker:

Today is your Thirtieth Anniversary in the Federal Bureau of Investigation and I want to extend my sincere congratulations. In recognition of this occasion may I present the Bureau's Thirty-Year Service Award Key.

Our work, coping as it must with the handiwork of human frailties, is by its very nature a never-ending task. For that reason it is particularly gratifying to have associates like you who have made the job a lifetime career. To our less experienced associates in the Bureau, you have proved yourself an invaluable instructor and counselor and have been a most stabilizing influence. You have also kept abreast of our problems in a commendable fashion.

This Key, which represents long years of praiseworthy service to the Bureau, should be a source of great pride to you.

With best wishes and kindest personal regards,

Sincerely,

EMPLOYMENT AGREEMENT

As consideration for employment in the Federal Bureau of Investigation (FBI), United States Department of Justice, and as a condition for continued employment, I hereby declare that I intend to be governed by and I will comply with the following provisions:

(1) That I am hereby advised and I understand that Federal law such as Title 18, United States Code, Sections 793, 794, and 798; Order of the President of the United States (Executive Order 11652); and regulations issued by the Attorney General of the United States (28 Code of Federal Regulations, Sections 16.21 through 16.26) prohibit loss, misuse, or unauthorized disclosure or production of national security information, other classified information and other nonclassified information in the files of the FBI;

(2) I understand that unauthorized disclosure of information in the files of the FBI or information I may acquire as an employee of the FBI could result in impairment of national security, place human life in jeopardy, or result in the denial of due process to a person or persons who are subjects of an FBI investigation, or prevent the FBI from effectively discharging its responsibilities. I understand the need for this secrecy agreement; therefore, as consideration for employment I agree that I will never divulge, publish, or reveal either by word or conduct, or by other means disclose to any unauthorized recipient without official written authorization by the Director of the FBI or his delegate, any information from the investigatory files of the FBI or any information relating to material contained in the files, or disclose any information or produce any material acquired as a part of the performance of my official duties or because of my official status. The burden is on me to determine, prior to disclosure, whether information may be disclosed and in this regard I agree to request approval of the Director of the FBI in each such instance by presenting the full text of my proposed disclosure in writing to the Director of the FBI at least thirty (30) days prior to disclosure. I understand that this agreement is not intended to apply to information which has been placed in the public domain or to prevent me from writing or speaking about the FBI but it is intended to prevent disclosure of information where disclosure would be contrary to law, regulation or public policy. I agree the Director of the FBI is in a better position than I to make that determination;

(3) I agree that all information acquired by me in connection with my official duties with the FBI and all official material to which I have access remains the property of the United States of America, and I will surrender upon demand by the Director of the FBI or his delegate, or upon separation from the FBI, any material relating to such information or property in my possession;

(4) That I understand unauthorized disclosure may be a violation of Federal law and prosecuted as a criminal offense and in addition to this agreement may be enforced by means of an injunction or other civil remedy.

I accept the above provisions as conditions for my employment and continued employment in the FBI. I agree to comply with these provisions both during my employment in the FBI and following termination of such employment.

Mr. William Ruckelshaus
Acting Director
Federal Bureau of Investigation
United States Department of Justice
Washington, D. C. 20535

My dear Director:

For the past six years we have had the good fortune to work closely with the Federal Bureau of Investigation in the presentation of graduate level seminars on "Preservation of the Principles of Freedom" for teachers of the social studies.

Over the course of years it has been our privilege to have Dr. Fern Stukenbroeker, Director of the Crime Records Division, as a lecturer and we sincerely hope that he may be available again this year for he makes a most scholarly presentation of the problems of internal security presented by radicals and communists. He makes a clear distinction between the two and inspires teachers to assume the proper relation of the citizen toward the F.B.I.

We would like to schedule Dr. Stukenbroeker for presentations on the forenoon of June 25 and again on the forenoon of July 16. We only wish it were possible to schedule him for all four sessions but we are aware of the fact that he normally takes his vacation in August and would probably not be available for sessions on August 6 or August 27.

Please advise us if we may have your consent to contact Dr. Stukenbroeker for participation on the above mentioned dates.

With high admiration for the work of the F.B.I. and every personal good wish, I am

Sincerely,

DR. W. C. "TOM" SAWYER

FBI OFFICIAL SPEAKS HERE

Dr. Stukenbroeker
To Address Rotary

A high-ranking official of the Federal Bureau of Investigation, Dr. Fern C. Stukenbroeker, is scheduled to address the Chattanooga Rotary Club Thursday at the Read House, according to U.S. District Judge Frank W. Wilson.

The member of FBI Director Clarence M. Kelley's personal staff will address the Rotarians at their weekly noon meeting, the judge said.

Dr. Stukenbroeker, a native of Nevada, Mo., holds bachelor, master, and doctoral degrees from Washington University in St. Louis. His B.S. was obtained in journalism and his subsequent studies were in European history.

The visiting law enforcement officer joined the FBI in 1942 as a special agent. Following service in Baltimore, Washington, D.C., and Cleveland, Ohio, he in 1948 was assigned to monitor Communist activities including espionage.

He is billed as "one of the nation's foremost authorities on subversive activities, exerting considerable influence on FBI policies and procedures under the late director, J. Edgar Hoover."

Dr. Stukenbroeker, author of numerous FBI articles and publications, was the late J. Edgar Hoover's spokesman on internal security matters before a number of educational and law enforcement seminars.

Married and the father of three, Dr. Stukenbroeker has long been associated with Director Kelley, who he has served in public relations and several special projects.

SA Fern C. Stukenbroeker, External Affairs Division, is a member of Trinity United Methodist Church, Alexandria, Virginia. This year the church (November 20, 1974) will celebrate its 200th anniversary. As part of the Bicentennial program of the church, SA Stukenbroeker has been asked to prepare a short history of the church. The history will be released in the Fall, probably in September, under SA Stukenbroeker's name as the author. The history, of course, will not in any way mention the FBI or law enforcement. Likewise, SA Stukenbroeker will be identified only as a member of the church, and his employment with the FBI in no way mentioned.

Dear Dr. Stukenbroeker:

I want to thank you, and through you each and every one who worked so diligently on my speeches, for their fine efforts. Today they were pressed for time and yet completed them so that I might have them to take with me. This is only one example of the work they have put forth in connection with my speeches, and I deeply appreciate their earnest endeavors.

Trinity Methodists Mark Bicentennial

Trinity United Methodist Church announced a series of events celebrating the bicentennial of its founding to be held during November in the church at 2911 Cameron Mills Road, Alexandria.

The mother church of Methodism in Alexandria, Trinity was founded Nov. 20, 1774. The first bishops of Methodism in America—Thomas Coke, Francis Asbury and Richard Whatcoat—preached in the fledgling church.

On Thursday at 7 and 8 p.m., Dr. Fern C. Stukenbroeker, will speak on the origins of Methodism in Alexandria, Northern Virginia and Georgetown. Stukenbroeker, a member of Trinity Church, has writ-

ten its history in "A Watermelon for God," recently published. This meeting is sponsored by the Northern Virginia United Methodist Historical Society.

"A Flickering Flame," a bicentennial drama based upon Trinity's history by T. J. Ferrell, will be presented at 8 p.m. on Friday and Saturday, Nov. 8 and 9. Mrs. Samuel G. Green jr. is producer and director.

Public officials and members of other churches will be guests of Trinity Church at "Community Night" Nov. 12 at 8.

Climax of the bicentennial observance will be at 9 and 11 a.m. services Nov. 17 when Bishop W. Kenneth Goodson of the Virginia Conference will preach.

By Whom Conducted: Clerical employee - by immediate Agent supervisor; Agent - by SAC or in his absence by official acting for him.

Such amounts are paid directly by you to CSC; therefore, it is possible that you have already made the deposit or redeposit indicated below without the Bureau's knowledge, having dealt directly with CSC. If so, you may ignore this matter now. If not, after a review of the approximate annuity figures shown below, should you decide to make a deposit or redeposit, you should request Bureau to forward Standard Form 2803 to you. Return this form to the Bureau.

☒ Not applicable.

- ☐ The deposit you may owe is a payment to the retirement fund to cover a period of service during which no retirement deductions were withheld from salary. Credit is given for service not covered by deductions; however, if the deposit is not paid, your annuity will be reduced each year by 10% of the amount due as deposit. The amount you may owe is approximately \$ _____.
☐ The redeposit you may owe is a payment to the retirement fund to cover a period of service for which retirement deductions were withheld from your salary but later refunded to you following your separation from civilian employment. No credit is allowed in the computation of annuity for the period of service covered by the refund unless redeposit is made. The amount you may owe is approximately \$ _____.

ANNUITY

Annuities are computed on full months of service. The estimated annuity below is based on your ☒ Bureau service, including 1 year, 3 months, 13 days of accrued sick leave, ☐ other civilian Government service and/or ☐ military service known to us, totalling 33 years, 4 months, 23 days. CSC makes the official computations and determines whether prior service is creditable, advising you direct the exact amount of your annuity. The figures below are only estimates, and they do not take account of deduction for health insurance coverage. You should receive the first annuity check about 2 months after separating from the Bureau's rolls. Separation for disability retirement or for SA retirement cannot be made final until CSC has notified FBI of the approval of your application.

TYPES OF ANNUITY

Married applicants only

- ☒ Reduced Type of Annuity with benefit to Spouse (See over, next to last paragraph, Health Benefits Program) \$ 2225*

☒ Annuity Without Survivor Benefit \$ 2443*

Unmarried applicants only (Including Widowed or Divorced)

☐ Annuity without Survivor Benefit \$ _____

☐ Reduced Annuity With Benefit to Person having an Insurable Interest \$ _____

☐ Survivor Annuity (55% of all or the portion of your annuity specified) \$ _____

plus annuity for each eligible child.

SEPARATION FROM ROLLS

Since you ☒ will cease active duty ☐ ceased active duty on 1-3-75 your annuity will commence 1-4-75 immediately following the ☒ cease active duty date or ☐ expiration of sick leave on _____ earned through _____. Item B2 on application ☐ changed to ☐ should be changed to close of business

_____. If ☐ annual leave or sick leave was or will be used by you subsequent to _____ this may change the effective date of your retirement and shorten your total length of service. Bureau should be advised immediately of any such change.

- ☐ If retirement is for disability, separation takes effect after the approval of CSC is received by the Bureau or after the expiration of any accrued sick leave, whichever occurs later. Under Internal Revenue Service regulations, some sick pay and disability income is not taxable; thus, you may be able to exclude from Federal income tax liability all or a part of the payments you receive for sick leave used prior to the date your annuity commenced, as well as for annuity received as a disability annuitant. Any such exemption would terminate when you reach normal retirement age. Thereafter, this annuity would be Federal income tax-free until you had drawn as annuity an amount equal to the retirement deductions from your salary while you were working. CSC will advise you of this amount.
- ☒ If retirement is not for disability, the "sick pay" exclusion is not permissible. Once you have received in annuity as much as was deducted from your salary for retirement purposes, you are subject to Federal Income Tax on the rest. CSC will advise how much was deducted. Only if you were incapacitated and were granted extended sick and/or annual leave for sick leave exceeding thirty calendar days prior to separation for retirement might you qualify for a "sick pay" exclusion for the leave period.
- ☒ Questions you may have as an annuitant regarding your income tax liability or privileges can be answered by the Internal Revenue Service. Internal Revenue Publication, Comprehensive Tax Guide to U.S. Civil Service Retirement Benefits, may be of assistance to you. Note: You are required to file a Federal gift tax return, Form 709, if you elect a reduced annuity with benefit to surviving spouse. In the usual case it is unlikely any tax will be payable; however, a tax return must be filed.
- ☒ You should send CSC over your signature any change in address, setting out your CSA (retirement) number.
- ☒ Following your separation date, you will receive a lump-sum payment for your accumulated annual leave in the approximate amount of \$ 6925. A deduction for Federal income tax has been made from this estimate.

***Based on 12-31-74 computation.**

Mr. Clarence M. Kelley
Director

Dear Mr. Kelley:

I hereby request retirement as a Special Agent of the FBI effective January 3, 1975.

My 32 years as an Agent of the FBI have been pleasurable and profitable years for me, and I carry many vivid memories of my work both in the field service and Headquarters. A major remembrance of these three decades, never to be forgotten, has been the high quality of FBI personnel, and their dedication to the best interests of the country.

I want to especially wish you, and Mrs. Kelley, the very best in all the years yet to come. May God bless and keep you and your loved ones.

I hope to maintain my interest in the FBI and I would be appreciative, if possible, of receiving future issues of the "Investigator."

Dear Mr. Kelly:

Dr. Fern Stukenbroeker has applied for a faculty position in the Administration of Justice Program at Northern Virginia Community College, Woodbridge. Dr. Stukenbroeker was employed by the Federal Bureau of Investigation for 33 years.

Both instructional experience and law enforcement related work experience are important in determining this employment. Dr. Stukenbroeker, of course, has outstanding work experience in law enforcement. I have spoken at length with Dr. Stukenbroeker, and he has indicated that at least seven years of his FBI experience involved conducting instructional and training activities. To simplify employment procedures, I have included instructional experience on the employment verification form enclosed. If what I have indicated seems to be reasonable and appropriate, would you please check the two "yes" boxes and sign in the indicated space. A statement regarding Dr. Stukenbroeker's professional instructional background in law enforcement is enclosed. Your cooperation in this matter is greatly appreciated.

Professional Instructional
Background in Law Enforcement

Re. Dr. Fern C. Stukenbroeker

While serving as Chief, Research Unit, External Affairs, at the Federal Bureau of Investigation Headquarters from January 1973, Dr. Fern C. Stukenbroeker's responsibilities and duties involved teaching, training, lecturing, researching and writing. Furthermore, from roughly January 1960 to January 1970, Dr. Stukenbroeker served as an FBI representative to lecture throughout the United States. During this period, from 1960 to 1970, Dr. Stukenbroeker made over 1,000 presentations before a wide variety of law enforcement, educational, religious, industrial, business, military and fraternal groups. Many of these lectures were at colleges, universities and high schools and were primarily training in nature. It is conservatively estimated that the time expended by Dr. Stukenbroeker in academic work, while serving with the FBI, would equal at least seven years of college and teaching activity.

Special Agent

This is to record that on November 10, 1944 the above named agent was afforded moot court training. He handled himself on the witness stand most properly. He was at ease, yet properly alert, conscientious and sincere in manner. He spoke clearly and had his facts well prepared.

F. C. Stukenbroeker

Gentlemen,

Our family is writing the second volume of "The Studebaker Family in America, 1736-1976," and are searching for all descendants of our immigrant ancestors.

In reading William C. Sullivan's book, "The Bureau. My Thirty Years in Hoover's FBI." On page 92 I came across the name, F. C. Stukenbroeker. (Since there are a variety of spellings to our family name we suppose he may be related.)

This reference was in a letter written by Mr. Sullivan in 1962. It indicates that Mr. Stukenbroeker was employed by the FBI at that time.

We would like to make contact to determine if possible, if there is a family connection.

It will be greatly appreciated if your office can put us in touch with Mr. Stukenbroeker.

Of course if you have a present address that would be quite sufficient. In case it is not customary to furnish such information we would be pleased to have you forward to Mr. Stukenbroeker a copy of this letter.

Most sincerely,

Emmert Studebaker
